

MODULAIRE MARITIME

USB / DC Powered Mini Eurorack Cases

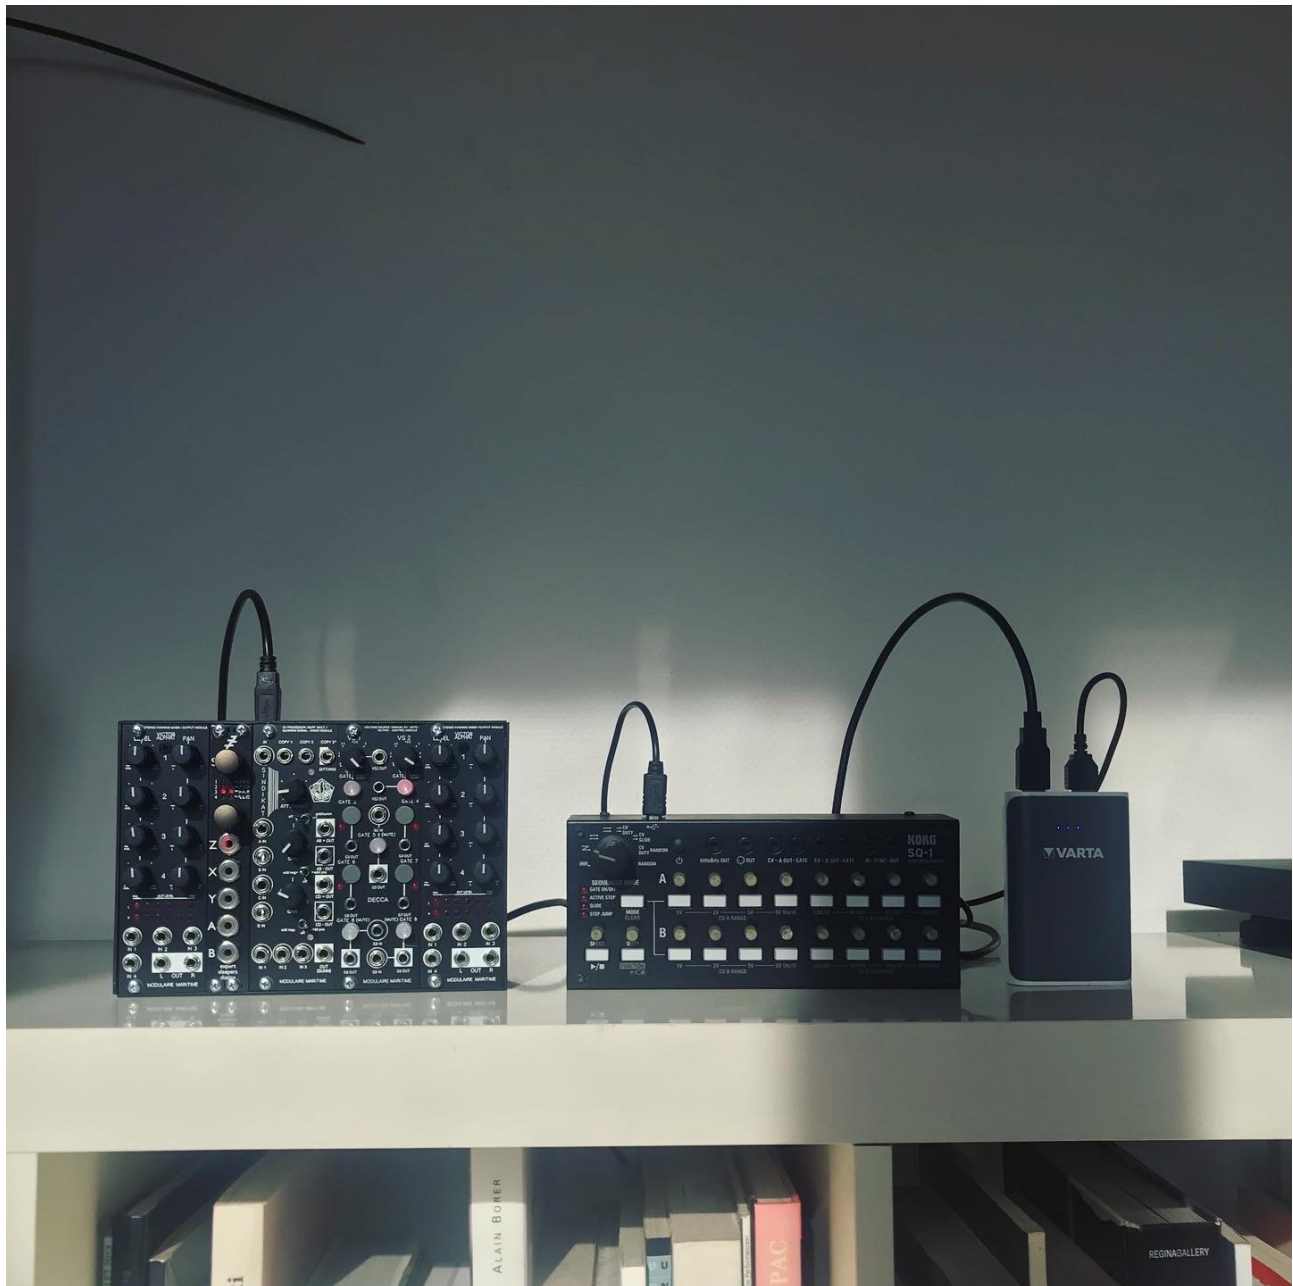

The new line of Modulaire Maritime compact Eurorack cases provides more mobility to modular synthesizers users.

Cases can be powered in two ways: via USB connection or by classic 9V DC adapters.

Can also be used with Power banks * and other mobile power devices.

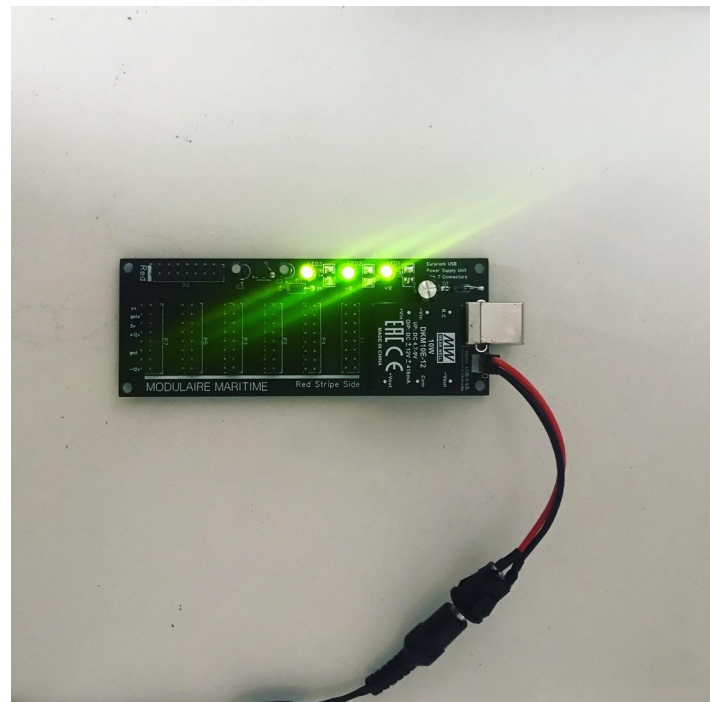

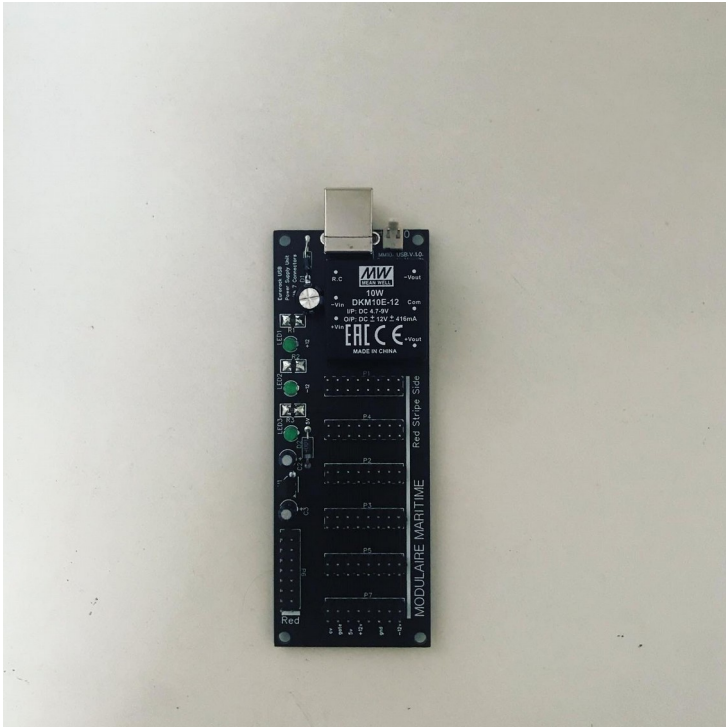

* more details to follow about the use with mobile power devices

Case sizes :
36 and 44 hp
Power :
250 mA
or
416 mA

USB/DC Power Supplies are also available separately-
for those who want to
power their own compact
case

Made for more fun with a modular !
